Gap Analysis & Transition Guide Author: Dicky Subject: The gap analysis checklist is one of the first tools available from the auditor s toolbox. The self-assessment questions will help you to identify gaps between your existing Environmental Management System and the requirements of ISO 14001:2015. Created Date: 10/10/2017 2:04:36 PM

### Gap Analysis & Transition Guide - ISO 9001 Checklist

We advise organisations with OHSAS 18001 to carry out a gap analysis against ISO 45001 and to start the transition to ISO 45001 as soon as possible. Bear in mind that you will still need to conform to OHSAS 18001 until the migration assessment by your Certification Body but, from our experience of ISO 9001:2015 and ISO 14001:2015, the two standards can easily be made to co-exist.

Gap analysis can help. Wikipedia says that gap analysis answers two questions: "Where are we?" and "Where do we want to be?" And I'll add a third question: "How do we get there?" One of the tools in the QI Macros is the Transition Planning template that provides a tool and a method for answering both questions.
