I recently bought a 61" panasonic lifi hdtv. I was kinda skeptical at first with the lifi lamp being the new thing and all, but the tv is worth every penny spent. Excellent color reproduction and color contrast. Playing xbox360 on it looks absolutely amazing. I would definitely recommend the Panasonic LIFI to anybody looking for a new tv.

If you had told me 2 years ago, that I could purchase a 61" Panasonic LCD Projection TV with this quality for \$1250 delivered, I would have called you a liar. I paid \$1500 for my 32" LCD TV 2 1/2 years ago. This Panasonic TV makes my old 32" look like a child. Great 1080p for movies and other HD content.
