4.1 Four Process Strategies A process or transformation strategy is an organization's approach to transform resources into goods and services. These goods or services are organized around a specific activity or process. Every organization will have one of the four process strategies:

## **4.1 Four Process Strategies**

In this book, the fundamental differences of opinion within strategic management are not ignored or smoothed over. The authors carefully guide the students through the many, often conflicting, perspectives in the field of strategy, in order to help them become true strategic thinkers. Strategic planning.; Business planning.; International business enterprises.
