Point the remote control toward the remote sensor, and press a button. A faint red light should appear on the remote sensor. If the light appears, then the problem is probably in the Windows Media Center software. Close Windows Media Center, restart the computer, and then open Windows Media Center again.

This remote has suffered minor drops from the coffee table to the hardwood floor, which is approximately 2 feet. After thinking it was a simple battery issue, I've replaced the batteries 3 times, changed the xbox settings from both remotes to xbox 360 media remote only. The remote no longer works on my TV or Xbox.
