I bought a boat that has a Yamaha Pro v 150 outboard. The listing of the boat When I first looked, listed the motor as a 1988 with a new power head. The powerhead is new and the boat runs fine, however, I have checked the serial number through other web sites and question the accuracy of the listed model year.

Hi all new to the forum. I have a Yamaha Pro V 150 1990. I had the boat on vacation for 9 days and it ran great. I took it out yesterday and I had the following problem. When getting up on plane it took off fine then the power just dropped. It seems like after I ran it for a while it would get better but not great.
